4. What are we offering?

GAA SGC Programme Definition

GAA Super Games Centers are centers where:

*A **Small-sided Games** format is provided for youth participants aged 12-17 years on an age-related and developmental needs basis incorporating ALL (Applied Lifelong Learning)*

They can be based in Club, School and Community locations catering for a population not adequately served by regular school or club games through the traditional competitive structure.

A GAA SGC should provide the below, at a minimum, for participants:

- Minimum 6 week period of activity
- 60 mins per week
- Games Based Approach (Small-sided games)
- Play to Stay Values/Minimal Coaching Input
- Pre-Planned (What's on; When it's on; Where it's on)
- Dedicated SGC Coordinator
- Suitable facilities – Indoor and/or Outdoor

5. Why are we delivering the GAA SGC experience?

The GAA 'Play to Stay' Ethos

In recent years, the GAA has seen a significant trend within the youth population indicated by a decline in the level of participation. This is denoted by a 58% drop off rate between the 12 – 17 year age groups.

On foot of this, a research study was commissioned to investigate a solution, namely the GAA Super Games Centers which were located in 10 Counties across the 4 Provinces. This provided us with valuable quantitative and qualitative information highlighting the driving forces behind continued participation for youth participants e.g. freedom to explore, peer-to-peer interaction, an increase in the amount of game time.

In keeping with this, Strategy 1.2 of the GAA Strategic Plan 2015 – 2017 aims to implement new models of participation in both urban and rural areas to deal with the

increase/decrease in playing numbers. In order to achieve this, it has been identified that Youth (i.e. GAA Super Games) Centers be developed in each County.

The GAA's vision is *'that everybody has the opportunity to be welcomed to take part in our games and culture, to participate fully, to grow and develop and to be inspired to keep a lifelong engagement with our association.'* (The GAA Strategic Action Plan 2015-2017)

As part of the Code of Best Practice in Youth Sport (2015), the GAA have committed to recognising the fact that *'Every Child has the right to an environment that supports and promotes applied lifelong learning (ALL) and enjoyment. An environment that is conducive to the recruitment and retention of players and, will by implication be inclusive, safe and supportive.'*

6. How to promote a GAA SGC?

The GAA SGC promotional plan begins with the identification of key stakeholders, some of which are listed below, as well as providing the most pertinent information for each group.

a. Key Stakeholders

Participants	<ul style="list-style-type: none">•GAA SGC's provides you with 60 mins of games with minimal coaching as well as the opportunity to have your say in the organisation of GAA SGC activities.
Parents	<ul style="list-style-type: none">•GAA SGC is a fun, non-competitive and non-pressurised way for your child to enjoy Gaelic Games. The small-sided games format will empower and develop players social and physical skills both on and off the field.
Local GAA Coaches	<ul style="list-style-type: none">•GAA Super Games Centres provide participants with the opportunity to express themselves on the playing field through small sided games allowing space for natural skill development and the potential to re-engage in club activities.
Local Post Primary Schools	<ul style="list-style-type: none">•GAA SGC activities provide a regular programme of GAA activities that are inclusive, build respect and empowerment and are enjoyable for students typically disconnected from physical activity and sport.

b. Promotional Methods

GAA SGC's can benefit from direct, e.g. information/taster sessions, and indirect, e.g. social media, promotional methods. The table below highlights some advisory steps for delivering a direct promotion activity i.e. Information Session.

What?	•GAA SGC Information Session highlighting the main elements of the GAA SGC e.g. 60 mins, small-sided, minimal coaching
When?	•Ideally 2 weeks before the start of the 1st GAA SGC session.
Where?	•Agreed GAA SGC location OR neutral venue suitable to all stakeholders
Who?	•All of the key stakeholders should be invited. GAA National Representative can attend the info evening to support the GAA SGC Coordinator.
Why?	•Allows for mass promotion to be provided directly to a key stakeholder group that has been invited to the event

Indirect promotional methods can, also, be employed to offer the GAA SGC experience to participants. These methods can be social media accounts, promotional posters and flyers and newsletters for example.

Note: Project website, posters and flyers will be available in order to assist the GAA SGC Coordinator and GAA SGC Volunteer. <http://learning.gaa.ie/GAASGC>

Remember: *In line with the Code of Best Practice, you may not contact participants under the age of 18 directly through social media, text, phone call or e mail.*

7. What are the key delivery activities?

a) Play to Stay Values

As an integral part of GAA SGC's, research was carried out investigating the impact of implementing value-led, games-based activities. It was found that by introducing the GAA Play to Stay (P2S) values, **social identity** increased and boosted feelings of **social support** leading to a decrease in the intention of youth participants to drop out.

- **Social Identity** is the participant's sense of belonging and attachment to a group or team.
- **Social Support** can be broken into two areas, namely (1) perceived support – subjective judgement of support and (2) received support – specific helping actions.

The GAA P2S Values act as a guide to applying modifications to games in order to increase social identity and social support e.g. Positive Feedback – Teams can earn additional scores for providing positive feedback to teammates and opponents.

GAA Play to Stay Values:

A list of example modifications for each P2S Values can be found in Appendix 4.

The GAA P2S Value prompt card is a tool which the coordinator uses to help clarify the modification they are introducing and its effect on the game. It can, also, be used to guide questions for participants on what they think of the modification and its effect on the SGC experience

4. Super Games Centre – Games Modifications

Play to Stay Values	Potential Games Modifications
1. Positive Feedback 'All communication is positive and promotes growth'	<ol style="list-style-type: none"> Teams are given an extra point when players give positive feedback ("unlucky – head up"; "better luck next time"; "great effort"); At the end of the session each team is to identify the player from the opposite team who provided the most encouragement / support during the session.
2. Empowerment 'Players shape and own the games experience'	<ol style="list-style-type: none"> Captains by Numbers – each participant choses a card with a number. SGC Coordinator choses a number identifying a captain who is tasked with setting the P2S value rule for the game. Captains are changed after each game. The SGC Coordinator removes the referee from the games and asks players to referee their game amongst themselves
3. Belonging 'Every player feels connected to the GAA'	<ol style="list-style-type: none"> Players are tasked with getting to know their team mates names and are awarded points for when players pass a ball to a teammate At the start of the session, participants conduct an alphabet warm up where each participant must pass the ball to a participant whose name begins with the next letter in the alphabet e.g. Aidan to Barry to Conor
4. Effort 'Greater effort and physical fitness promoted'	<ol style="list-style-type: none"> Teams are awarded double points for a score when the outfield players i.e. not including the goal keeper all cross the half way line upon the score being completed. Thus greater effort gets rewarded An extra point is offered for a hook, block down or regaining possession
5. Respect 'Everyone has due regard for each other's feelings and rights'	<ol style="list-style-type: none"> If a participant is fouled, the offending participant offers to help

	<p>the other up. The situation ends with a handshake;</p> <p>10. Each team to start each game with 10 respect points. Participants can lose or gain points for their team through their behavior and actions towards teammates, opposition and other SGC members.</p>
<p>6. Enjoyment 'Players have fun'</p>	<p>11. Each game to conclude with the most scores in a minute , most scores out of 10 kicks/shots from 20/45m line;</p> <p>12. Crab Football – Teams must play a small sided game with hands and feet on the floor with a crab body shape. Participants can, only, use their feet to move and pass the ball</p>
